Closure Certification
Incinerator Treatment and Waste Pile Storage Units
Luria Brothers Site
Gary, Indiana
IND 095264818

Dear Ms. Bobo:

Closure activities at the above referenced site have been completed in accordance with the approved closure plan. Notification of closure plan approval was provided in correspondence from the Indiana Department of Environmental Management (IDEM) dated August 30, 1989.

The Closure Certification Statement for this site has been signed by both the owner/operator and an independent registered professional engineer and is attached. Documentation supporting this certification has been submitted in the earlier Closure Plan dated November 30, 1988 and in the Closure Plan Addendum dated July 3, 1989.

With the completion of closure activities and submission of the closure certification, we request that the status of the Luria Brothers site in Gary, Indiana be changed to a non-handler. We kindly request that receipt of the closure certification be acknowledged and that the future desired status as a non-handler be verified.

We trust this information is sufficient for your current needs. Should you have any questions in this matter, please call.

Very truly yours,

Lon Doty
President
